With Word on your PC, Mac, or mobile device, you can:

- Create documents from scratch, or a template.
- Add text, images, art, and videos.
- Research a topic and find credible sources.
- Access your documents from a computer, tablet, or phone with OneDrive.
- Share your documents, and work with others.
- Track and review changes.

Create a document in Word

Create a document

- 1. On the **File** tab, click **New**.
- 2. In the **Search for online templates** box, enter the type of document you want to create and press ENTER.

Tip: To start from scratch, select Blank document. Or, for practice using Word features, try a learning guide

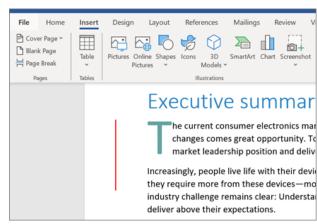

like Welcome to Word, Insert your first table of contents, and more.

Add and format text

- 1. Place the cursor and type some text.
- To format, select the text and then select an option: Bold, Italic, Bullets, Numbering, and more.

Add Pictures, Shapes, SmartArt, Chart, and more

- 1. Select the **Insert** tab.
- 2. Select what you want to add:
 - **Tables** select **Tables**, hover over the size you want, and select it.
 - Pictures select Pictures, browse for the picture you want, and select Insert.
 - Online Pictures select Online Pictures, search and choose the picture you want, and select Insert.
 - **Shapes** select **Shapes**, and then select a shape from the drop-down.
 - Icons select Icons, choose the one you want, and select Insert.
 - 3D Models select 3D Models, choose from a file or online source, go to the image you want, and select Insert.
 - SmartArt select SmartArt, choose a SmartArt Graphic, and select OK.
 - Chart select Chart, select the chart you want, and select OK.
 - Screenshot select Screenshot and select one from the drop-down.

Co-edit a document

After you share your document, you can work on that file at the same time with others.

- For the best experience, work together in Word for the web and see real-time changes.
- Under Share, you will see the names of who else is also editing the file.
- Colored flags show you exactly where each person is working in the document.

Track and review changes

- 1. To track changes, select **Review** > **Track Changes**.
- 2. To review changes, place the cursor before a change and select:
 - Accept to keep the change, or
 - **Reject** to remove it.
