

Click on the Quick Connect app to:

1. **Test Mic** and **Test Video**.
2. Access **Settings** for general information.

Accept call by touching the

End Call by selecting

Settings

Test Microphone and Camera

Testing can be done prior to the start of the call by selecting **Test Mic** and **Test Video**.

1. Turn off/on microphone
2. Turn off/on camera
3. Turn off/on self-view (seeing your own video display)
4. **Flip camera** (use this feature when the subspecialist would like to see the patient for a visual examination)
5. End Call

Inviting a Participant to the Visit

The provider initiates the visit, manages the call, and invites participants. If a participant is joining the consultation via SMS or email, provide their mobile phone number or email address when connected with the provider to send an invitation to the participant.

IMPORTANT: Inform the participant to download the **AW Touchpoint** app from the Apple App Store or Google Play Store **prior** to the start of the visit to minimize technical issues.

Technical Support

Call 714-509-4457 for technical issues on the iPad, Quick Connect, or the cart.

Available 8-5 pm Monday through Friday

Technical Specifications

iPad Pro 13-Inch Model # MVXT3LL/A
