

**Authorization for School Clinician Access to Electronic Health Record (EHR)
For Completion by Patient/Student Age 12+**

FAILURE TO PROVIDE ALL INFORMATION MAY INVALIDATE THIS AUTHORIZATION

Completion of this form authorizes your school clinician to access your CHOC Electronic Health Record (EHR). The purpose of this access is to help your school clinician better manage your medical care in partnership with CHOC.

Your EHR is an electronic database containing your medical history. This may include information relating to sensitive conditions, such as mental health, sexually transmitted diseases, HIV/AIDS test results or status, and pregnancy. If your past, present, or future medical care involves sensitive conditions, these may be viewable by your school clinician.

This authorization is valid from your date of signature through July 31st, 2026.

This form must be completed annually if you would like school clinician access to continue. Completion of this form is optional. If you choose not to complete this form, your school clinician will not have access to your EHR and you will not be penalized.
